

# 2026 Sponsorship Opportunities

Spectrum's mission for 27 years has been to provide support, education and resources for individuals and families impacted by autism. We currently support over 2000 individuals with autism and their families in Gwinnett County and surrounding areas. We offer support groups, day camps, overnight camps, respite, social skills groups, family events and community education and training to help improve lives. Providing inclusive recreational and respite opportunities helps not only the individual with autism, but their families as well. Your sponsorship of one or more events demonstrates an investment in families impacted by autism in our community and helps us continue to fulfill our mission.
